JavaScript : Module ④ (Loops)

① while loop — Runs as long as the condition is true

```
let i = 1;
while (i <= 5) {
    console.log (i);        // prints 1 to 5
    i++;  }
```

② do...while loop — Runs the code atleast once, then checks the condition.

```
let i = 1;
do {
    console.log (i);        // prints 1 to 5
    i++;  } while (i <= 5);
```

③ For loop — most common loop with initialization, condition, Increment / Decrement

```
for (let i = 1; i <= 5; i++) {
    console.log (i);  }     // prints 1 to 5
```

④ For...of loop — used to loop through arrays, strings or iterables.

```
let fruits = ["apple", "banana"];
for (let fruit of fruits) {
    console.log (fruit);
```

⑤ For...in loop — use to loop through keys/prop of obj.
